Describe your need for any additional funds: ____________________________

This form must be accompanied by a typewritten letter (type your name at the top of each page) describing your background, experience and interest in animals. Indicate your extra-curricular activities and work experience while at UMass/Stockbridge School as well as your career objectives and reasons for choosing a major in the Animal Science, Pre-Veterinary or Equine Management majors. The typewritten letter is a very important part in the consideration and selection of scholarship recipients.

Return completed application in a sealed envelope to 427Z Integrated Science Building NO LATER than 4:00 p.m. on April 28, 2016 (slide under door if office is closed). Make sure application is complete with typewritten letter attached. Decisions will be mailed to students by early fall.
