

PETITION to substitute

an upper-level science elective for Animal Science 101

If you would like to substitute a upper-level science elective (i.e. class number greater than or equal to 300) course for Animal Science 101, please complete the information below and return this form to ISB 427X. Two classes with a total of 3-4 credits can also be used as a substitute for Animal Science 101. This form will be reviewed by a member of the VASCI Curriculum Committee. The Curriculum Committee decision will be sent to the student via email.
