The Easthampton Animal Hospital is looking to hire an experienced veterinary technician to join our growing 2 doctor practice! Certified is preferred, but not required.

Candidates should be proficient in the following areas:

- Administering and monitoring anesthetics
- Phlebotomy
- Digital radiographs
- Assisting in office visits
- Preparing and running of laboratory samples
- Administering IM, SQ, and IV injections
- Placing IV catheters
- Restraint
- Filling prescription medication
- Taking patient histories
- Assisting in surgery and surgery preparation with aseptic technique
- In house cytology and urinalysis
- Technician appointments
- EMR/veterinary computer software skills
- Multi-task with good time management ability

Veterinary candidates should be friendly, extremely reliable, and detail-oriented, with strong communication and customer service skills and a great sense of humor! We are a busy, fast-paced practice with plans to grow in the next year. We value excellent patient care and client education. This position is full time and will include nights and weekends. We offer competitive pay, health and dental insurance, paid vacation, sick, holiday time, 401k benefits, and CE credit. Please email a cover letter and resume to Sue Manning, manningsuz@gmail.com. No phone calls please.
